

Parking at the Fund

- All parkers must request registration in the new system even if they were previously registered in the old programs.
- No unregistered vehicles should enter the HQ garages after April 30. Parking sessions with unregistered vehicles are subject to higher fees.
- The request form is available at <https://oneparking.com/imf-parking/>. At the top of the form the **Request** and **Registration** process is illustrated/explained.
- The form is designed for active employees, so retirees should note the following:
 - It is understood they will provide a non-IMF e-mail address
 - Retirees may only select the Daily Parking option.
 - Retirees should indicate in the Remarks: "RETIREE"
- Daily Parking is available in either HQ1 or HQ2, but is not available when a sign on the sidewalk at the entrance indicates **Monthly Parkers Only**.
- Daily Parkers should park on the HQ1 Orange or Green Levels, HQ2 B3 Level, or as instructed by the on-duty parking attendants.
- Registered parkers can and should record on their parking account any and all vehicles they may drive into the HQ garages (including loaners or rentals) prior to parking them. However, to ensure adequate garage availability to active employees who may require parking services, no Registered Parker may have more than one of their registered vehicles in the garage at any given time.
- While there are sometimes occasions to close the garages for project work, the garages are available for parking on most weekends, but you will not find attendants on duty. From the street, you may encounter closed doors or raised bollards, but the security guard post will see you parked and prepared for badge verification. Weekends involve smaller security crews, so parkers are encouraged to be patient.
- If the gate does not lift for your badge, there are three possible explanations: (1) You are not ineligible to use parking services, (2) You ARE eligible to use parking services, but we need to program the badge to lift the gate, OR (3) You ARE eligible to use parking services, but we have been unsuccessful in persuading you to respond to our e-mails. For (1) above, please discontinue driving up to the gate. For (2) and (3), please send an e-mail to parking@imf.org and we will get it all sorted out as quickly as possible.
- **DAILY PARKING PROGRAM FEES**
 - Standard Daily Fee (entry before 11am & exit after 3pm OR sessions lasting longer than 6 hours) \$16
 - Unregistered / Unauthorized parking \$20
 - Non-standard sessions* \$12
 - Entry after 11:00am \$8
 - Less than 4 hours based on entry/exit data \$8
 - Less than 30 minutes based on entry/exit data FREE
 - Entry after 3:00pm \$4
 - Entry after 5:00pm FREE
 - Weekends, Holidays, and Fund Closures FREE
 - Maximum Daily Fee** \$20

* Including midday sessions that do not meet the criteria for the Standard Daily or other fees, but exceed 4 hours.

** A daily parker with a registered vehicle would be only assessed \$20 if arrival occurs before 11am and the departure occurs after 3pm (triggering the \$16/standard daily fee) AND the parker re-enters the garage prior to 5pm for an additional session (triggering the additional \$4 fee, provided the second session exceeds 30 mins).
